

Daniel IONIȚĂ

Cyber Security Manager, Cymed/Infoworld Romania

Daniel Ioniță is an expert in political strategy and cybersecurity, with extensive experience in both administrative leadership and international cooperation. From January 2012 to March 2019, he served as Director of the Analysis, Policy, and Cooperation Directorate at CERT-RO, Romania's national cybersecurity authority. In this role, he played a pivotal part in shaping national cybersecurity policies and strengthening Romania's strategic partnerships in the digital domain.

During Romania's rotating Presidency of the Council of the European Union, Daniel Ioniță chaired the Horizontal Working Party on Cyber Issues, leading high-level discussions and negotiations on cybersecurity policy across EU member states. His leadership contributed to advancing the EU's collective cyber resilience and policy coherence.

A brigadier general in reserve, he brings a unique perspective that blends legal, strategic, and security-oriented thinking. He holds a Bachelor's degree in Law from the University of Constanța and a Master's degree in Education Management in Security Culture from the National Academy of Intelligence in Bucharest.

His work continues to focus on the intersection of cybersecurity, national security, and international cooperation, contributing to the development of resilient and forward-looking digital governance frameworks.
